Perfecting Your Power Needs in the Bathroom

American
Standard

DXV

GROHE

PART OF LIXIL

Bathrooms may be small, but their power needs are not. Space constraints, the scope of activities, and soggy conditions all call for finding that perfect balance between utility and aesthetics when powering up your bathroom experience.

Determine where power appliances are truly useful in modern bathrooms. Consider proper power needs and placement for family. Review current code and safety considerations when planning the electrical layout. Discover how to plan for future power needs in a rapidly changing home environment.

Wednesday, October 16, 2024 | 11am

REFRESHMENTS WILL BE PROVIDED

*Limited seating. Please RSVP by
Wednesday, October 9 to reserve your spot!*
